

Main Doctrinal Chapters in the New Testament

Explanation

Certain chapters in the New Testament are especially famous. These doctrinal highlights express key concepts in unforgettably eloquent or powerful terms. To the list in chart 12-13 could be added many other topics and chapters, but those listed are certainly among the top favorites concerning the first principles and ordinances of the gospel (namely faith, repentance of the prodigal son, baptism, and the gift of the Holy Ghost), Christian living (charity, love of the good Samaritan, family relations, missionary work, priesthood, and unity), and the salvation history of the world (atonement, apostasy, second coming, and resurrection).
